Respondus Monitor X

Respondus Monitor is an add-on feature for LockDown Browser that enables students to use a webcam to record themselves during a non-proctored exam. For information about Respondus Monitor, visit www.respondus.com/monitor. Respondus also offers free instructor resources and training, available at www.respondus.com/monitor/resources.

If you have questions about using this application, contact the Respondus License Administrator at your institution. If you don't know who that is, send us an email at monitor@respondus.com and we'll put you in touch with the right person.
